Steve, Linda,

I have 're-activated' 69-10129, and completed a recommendation for it. I have attached a Preliminary Director's Report for the recommendation. Let me know if there are any corrections that need to be made. All other FS recommendations for Basin 69 have been modified per any changes asked for in the NOEs.

Thanks for bringing this one to our attention,

Michael

I deleted this message but checked the status in Info Search where I saw it is still Withdrawn. Maybe you missed the message to include this one in the USFS claims.

Don,
It appears that Steve gave you the incorrect basin number on this claim.
It is 69-10129.
