RE: Amendment of Snake River Basin Adjudication (SRBA) Claim 29-02462A

Dear Dr. Fowler,

Thank you for your quick response regarding the previous request for information. I however, overlooked one other detail that needs to be taken care of in order for me to complete the recommendation on right 29-02462A.

Your original claim described a diversion rate of 0.04 cfs. Based on the number of splits claimed for the original parent right, I feel I can recommend a diversion rate of 0.09 cfs. However, to do this your claim needs to be amended.

I have prepared and amended claim that not only adjusts the diversion rate, but also describes the water right as I potentially plan to recommend. Please look over the claim and initial any changes you wish to make. When satisfied, sign the claim in front of a notary and return it to this office as soon as possible. For your convenience, enclosed is a map showing my potential recommendation.

I apologize that I did not catch the need for this amendment sooner. However, I feel working through these necessary details will be of benefit to yourself.

As always, feel free to contact me at 525-7161 if you have any questions.

Respectfully submitted,

Craig L. Saxton
Water Resource Agent
Adjudication Bureau
