RE: CRP Contract

DATE: January 4, 2002

NAME OF PARTY

J. Glen Wight

Office visit.

Glen Wight came by the office with the information from FSA on the land he now owns that is still in CRP. The copy of the contract he was able to get from FSA was for the 1997-2007-contract year. This land has actually been in CRP since 1987. The FSA office didn't have a copy of the 1987-1997 contract. We also did an ownership change on the property. I faxed the ownership change to Sally Sherman in the State office to process.
