Notes

12/3/02 on 11/22/02 Gary came into the office in Soda Springs and said they don't irrigate the land in SWSE of section 33 because it's naturally swampy. They irrigate the land in 1-2, section 3 and the land in the NWSE of section 3.

Gary thought that had been done when he filed the claims. (changing the acreage around.)

I explained to Gary that claim 29-10136 might not be necessary because if they changed the irrigated acres prior to 1987 and have been irrigating it. They probably would need the additional B.U. claim.
