

ACTION REQUIRED

FROM: Tony Olmick

TO: A21-00022, 00034, + 00060B

Keith Williams met with me to file the Chester Canal & Irrigation Co. claims on May 8, 1989. The claims were modified to correct the priority dates and complete some blank items (Note: The IDWR Number in Item #15 of A21-¹¹²²⁵00022 was incorrectly entered as 21-0342).

Mr. Williams calculated that: of the 2197 acres covered by the three claims, 669 acres of the variable fee will be paid by Fall River Irrigation Company, and 356 acres has been paid by Carr Ditch. The average paid by Chester Canal was \$1172, plus \$150 for the three claims.

The description of the place of use and maps were attached to A21-00022, A21-00034,
