John Hathaway - 160 acre 205 inches

60A

B 30 inches Chester canal

C 11 inches me

D 15.5 sternees

E 54 R.O. Miller

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

I disagree with the amount. Your own records show 21-60C has 30 inches of water. I have deeds that show 55 inches.

2. Describe the changes you wish to make in the proposed recommendation:

I would like to get at least the 30 inches, your records show. 11 inches won't give enough water to fill the bottom of the ditch

3. Give a brief explanation as to why you disagree with these portions: when you flood irrigate. The original water right 21-60A had 205", your proposal gives a total of 110.5". The land is still here people have deeds that have water rights. We are

I AGREE with this proposed recommendation: no changes need to be made.
