Re: Adjudication claims 29-477, 29-2565, 29-10857, 29-13234

Dear Mr. Bolingbroke:

Enclosed are copies of amended adjudication claims to show the original licensed place of use for the sprinkler well, and to show the Rattlesnake Creek and spring rights as a "permissible place of use" on the same lands. Also enclosed is a beneficial use claim to show the storage of water in your pond.

I've discussed these claims with your attorney Mr. Budge, and have mailed copies to him. I believe they correctly reflect your use of water and will allow an accurate recommendation to the court.

Please review these claims and discuss them with Mr. Budge. If you believe they are accurate, please return them with notarized signatures and a check for \$50 for the filing fee of the new claim (29-13234). As your attorney, Mr. Budge could also sign.

Mr. Paul Meyer will be handling the review and recommendation of these rights. He has years of experience and is very good. Please call him at 208-525-7161 if you have further questions.

Sincerely,

Bryce A. Contor
Senior Water Resource Agent
