

- Pond well (120 gpm) PCC really high
not efficient.

Early November: Observation Well.

Central Area recorder.

Gem Valley farm - Compliance
problems: Chad Nybar

Connected wells - transfer denied.

309 acres (aquifer test)

10/18/01 Paul Myers - 9:09 AM.

Paul worked on an amendment
of permit to cover the
additional acreage. He has
an acreview project that he
created that he will ship down
to me early next week.

10-18-01

9:38 am Candice McHugh.

Don also has 2 permits out
there. 29-7636 1.6 cfs.

29-7637 17.0 cfs.

She'll call me tomorrow pm.

10/17/01

29-2548

4:24pm Tim Luke

Measured his wells in the
Tallmage Area - G.W.M.A.

4 wells.

System tied together with surface
water.

Problem: G.W. on more acres than
you have permits for.
land

S.W. & groundwater connected.

permit

- party due: post SRBA.

Tim Luke: Bogus claims on B.U.

29-7061 - 2548

29-7001 1967

29-7637 permit

17.0 CFS

29-7636 permit

1.6 CFS.

Paul Meyer - ~~transfer~~ ^{amended a permit} for Don Rigby.

Feb 1997 letter from Tim Luke.

April 1999

Northern area.

PCC valve late in the fall (wells only) Completed systems.
