Case No. 39576

**AMENDED SPECIAL MASTER'S
REPORT (to correct clerical error)**

FINDINGS OF FACT AND CONCLUSIONS OF LAW

FOR WATER RIGHTS: 45-12912, 45-12913, 45-12917, 45-13481, and 45-13484

I. CLERICAL ERROR

On February 10, 2006, this Special Master issued a Special Master's Report for the above captioned water rights, with the exception that water right 45-13481 was inadvertently listed as 45-12481. Accordingly, this Special Master's Report is being re-issued to correct that error

I. FINDINGS OF FACT

Partial Decrees were issued for the above-captioned water rights on May 13, 2005. Thereafter, it came to the attention of the SRBA Court that each of these *Partial Decrees* contained a clerical error regarding the basis of the claim. Accordingly, the SRBA District Court entered an order setting aside the *Partial Decrees* and referring the matter to this Special Master for further proceedings.

On February 7, 2006, a hearing was held pursuant to Idaho Code § 42-1411A(12) regarding the federal reserve basis of the water rights. In connection therewith, the United States filed the *Affidavit of Fredric W. Price*. Based upon the contents of that *Affidavit*, and based upon the comments of counsel at the hearing, this Special Master finds that the above-captioned water right claims meet the elements of valid federal reserve water rights pursuant to Public Water Reserve 107.

II. CONCLUSIONS OF LAW

Therefore based on the file and record herein, IT IS RECOMMENDED that amended partial decrees be issued for the above-captioned water rights with the elements as set forth in the attached *Recommendations for Partial Decrees Pursuant to I.R.C.P. 54(b)*.
