

11-19-01 : Called Marc but the phone # on the claim is his Mother's #. Mark's # is 775-3562

: He works for the RR and Gets home around 4:30. Called to try to leave message but no answering machine.

: My concern is the land North of the river. How was it Irrigated.

: 1976 USGS orthoquad indicates Irrigation.

11-20-01 : Mark Barron Returned call. He gave me verbal confirmation over the phone to change his phone # to 775-3562 and add WK # 236-5484

: Says N. side of Portneuf Irrigated from concrete Flum-diversion at the same time the 1912 ditch was being used. Diversion about 50 yards west of the Home.

: Marc is sending Marc statements Regarding this and Gerald's Place

: In Addition - Says he knows Brown's Place Irrigated by sprinkler in early 1960's

2/6/02 : Recommend 1912 Priority date based on Rizzon Barron statement.

2/7/02 : Correspondence sent

2/12/02 : Mark called and said he has Gates every so often within the slough that backs up the water and floods the lower piece in question.
