E. REASON SUPPORTING OBJECTIONS(S)

7. Period of Year

The water rights of the Shoshone-Bannock Tribes were quantified in the 1995 Partial Final Consent Decree Determining the Rights of the Shoshone-Bannock Tribes to the Use of Water in the Upper Snake River Basin (August 2, 1995). In water right No. 27-11375, the Shoshone-Bannock Tribes and United States agreed to subordinate the exercise of their water rights in the Blackfoot River to those water users diverting water prior to January 1, 1990. This subordination was based upon an estimate that the total annual diversion volume of these non-Indian water rights would not exceed 45,000 acre-feet per year. It was understood by the parties to the negotiation that diversions in the upper elevations of Basin 27 are limited by the availability of runoff, which lasts to July 1 of each year. The source of water serving this water right is not available for use past July 1. The period of use should be revised to match the period of water availability, and as such should terminate on July 1.
