In response to my address change letter of 3/1/06, Cameron Williams, the new Secretary of Chesterfield Land & Livestock, asked us to use two contact addresses—one for him in Grace, Idaho, and the other for Layne Hamilton, former Board member, in Blackfoot, Idaho.

I called Cameron this afternoon and discussed this. It was decided to have only Cameron as the contact. I then called Layne Hamilton and relayed my phone conversation with Cameron. Layne wants everything to go to Cameron since he is the official Secretary.

I told Layne I'd mail him a copy of the address change letter and Cameron's notes, and will e-mail them to Cameron since he didn't keep a copy.

Cameron asked if he'd have to sign something again and I told him, "no", I'd just change the record as they requested.

Chesterfield Land & Livestock Association is how they are registered with the Secretary of State. I've modified the records as above.
