

Notes

6/3/05 1964 imagery doesn't show the pond for storage.

The 1987/88 Napp photography clearly shows the ponds.

No evidence to support a 1959 priority date.

The photo from Caribou Co. Soil Conservation office dated 11/74 does show the ponds. They were proposing the ponds.
Problem: 1973 mandatory permit statute.

The 1964 imagery under this right. Pou also doesn't show this land as irrigated.

Claimant will have to provide more proof before this right could be recommended.

Claim disallowed, NO B.U. found CB.
See file 27-4009 for 1964, 1974 photos and FSA information.

7/18/05 (1) Ponds show up on 1974 ortho quad.
Not the 1964 imagery.

Ralph will get me an affidavit from Christensen family on the irrigation of this land. He agrees that the storage wasn't there in 1959.

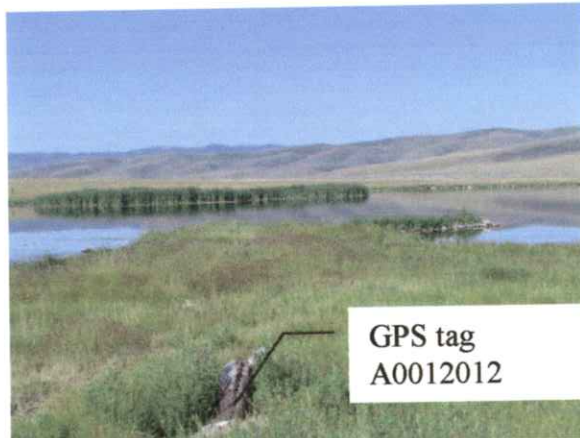

Photo 1. IMG_742

Photo 1 was taken looking west at pump location and storage pond for Chicken Creek. The diesel pump was pulled out because the land has been in CRP since 1987.

Point of diversion was GPS'd and a tag was applied to the pipe. POD FILE 274010.

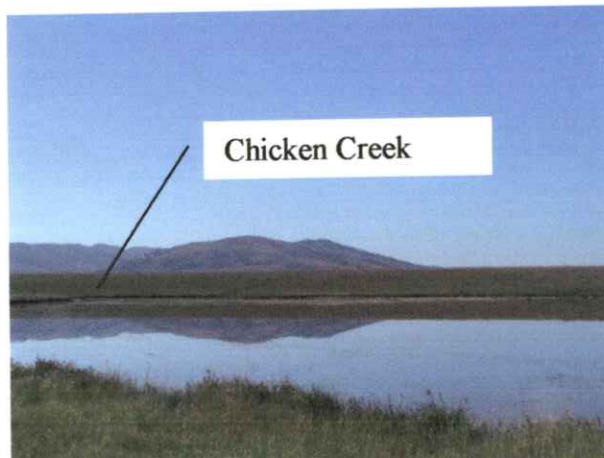

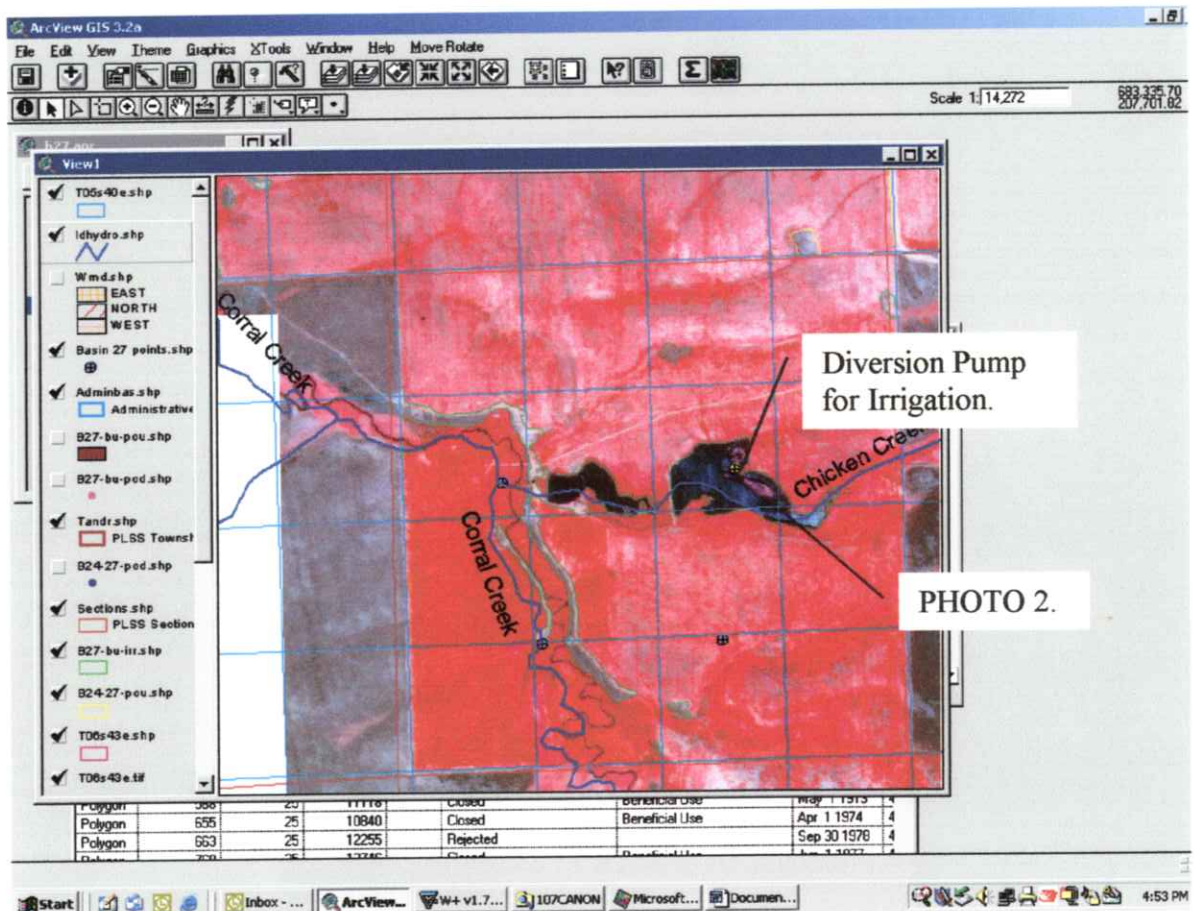

Photo 2. IMG_743

Photo 2 was taken looking south at part of the place of use and the pond where Chicken Creek flows into the pond. No GPS point was determined for the point where the Creek flows into the storage pond.
