

Memorandum

Date: January 15, 2003

From: Craig L. Saxton

Subject: SRBA claim 29-04366 and 29-10539

I have been in contact with claimant on at least 9 different occasions and have requested priority evidence on most of these contacts.

4/11/01	Request for Evidence of Priority letter sent
5/2/01	Phone conversation with claimant
7/12/01	Field exam – claimant present
10/2/01	Intrepid Field Exam
2/6/02	Sent letter requesting Priority Evidence
2/6/02	Phone conversation with claimant
2/11/02	Resent letter requesting Priority Evidence
3/18/02	Phone conversation with claimant
3/21/02	Phone conversation with claimant

Evidence of priority for 29-10539 is 1937 from claimant telling me he spoke with Elwin Anderson and Mr. Anderson said that the claimed POU was irrigated at that time. I don't know if it is from Well or N. Fk Pocatello Ck. Assumed from N. Fk Pocatello Ck.

No evidence of priority for 29-04366. Recommend D&S. No irrigation. From FE on 7/12/01 I determined that the claimant doesn't use the well to irrigate the main pasture anyway. Well used for domestic and irrigation of lawn around the house. D&S is probably most accurate description of historical use anyway.
