IDWR MEMORANDUM

TO: FILE 31-10481
FROM: ROXANNE BROWN
SUBJECT: NOTICE OF ERROR/RECOMMENDATION
DATE: 05/01/01
CC:

I was unable to reach the claimant at the time of field exam in 1994. I could not find a home or irrigated acreage at the claimed location and recommended the claim be disallowed. Mr. Gunderson filed a Notice of Error Reply, along with an affidavit confirming his use of the well. An additional field exam was not possible during the NOE process and the recommendation stands at "disallowed".

A priority date for this claim has been confirmed by previously submitted affidavit. The chances are very good that the POD/POU are incorrectly claimed, or this field examiner was confused as to the location of the home. Either way, the use can be confirmed and recommended during the coming objection phase.

Re: Snake River Basin Adjudication (SRBA)
Adjudication Claim No.: A31-10481

Dear Claimant,

The Department of Water Resources will be conducting adjudication claim verification examinations in your area the week of May 9th. After these examinations are complete, your water rights will be recommended for decree by Judge Hurlbutt in the Snake River Basin Adjudication. The recommendations will be based on our findings in the field.

Information on your claim that may need to be verified includes: the source of water used, water uses and amounts of use, legal descriptions of the point of diversion and place of water use, etc..

It is not mandatory that you accompany the field agent during the examination. However, it would be very helpful if you, or a knowledgeable representative, could be available should questions arise.

We will be contacting you to schedule the examination. If you have questions, or are ready to schedule the examination now, please call us in Boise.

Sincerely,

Roxanne McCarthy

Mr Paul Gunderson
Harner, Idaho

Dear Mr. Gunderson,

This letter is in response to your request made, by phone, where in you ask me to verify the existence of a well on a certain piece of property we called the old Lundholm place.

Our family lived there the summer I was five years old. The year was 1932. I turned six years old the 28 of Aug. while still living there and began the first grade that Sept. in Harner Ida. I was 65 years old my last birthday Aug. 1992.

Sometime early in the summer of 1932 I vividly remember going with my mother, Ruth Barnes, to the well sight, climbing down into a depression and planting radish seed by the well.

In a recent conversation with my Mother she verified the existence of the well, saying it was the source of water on the place.

Sincerely,

Vina Lee Belnap

Dear Sir:

Some years ago I began searching for documentation to establish the priority date of claim A31-10481. I called and spoke with several neighbors and previous owners. One previous owner, Marcus Barns stated his Father had told him that the well was drilled the year he, Marcus, was born. In my conversation February 1993 with Vina Belnap she indicated her brother Marcus was born in 1929. As of this date, February 1993 she stated Marcus is living out the U.S. teaching school on a South Pacific Island. Therefore I am unable to contact him. After Marcus Barns told me of his Father's statement I contacted his father. Forrest Barns, his father, stated to me he would give me the statement the day I contacted him but he and his family were having a party. At this party Vina Belnap told me of her knowledge of the well and having planted radishes at the well. Forrest Barns committed to send the statement to me by mail. He died before ever giving me the statement in writing. While talking with Vina Belnap at the family party she related her remembrances of the well to me. Thus at my request she was kind enough to write the enclosed Vina Lee Belnap document. This document establishes the use of this well in May or June of 1932.

In speaking with Forrest Barns and his daughter Vina, I established that the subject well is the same well the Department is requesting evidence of priority for. Vina and her Father discussed how the road that went to the house went by the well when they lived in the old Lundholm house. At a date later than 1932 Forrest Barns purchased the property the subject well is located on. They also told how they used the vacuum from an old milking machine to prime the pump when they later owned the well.

Sincerely yours,

K. Paul Gunderson
