RE: Transfer Application to Change Point of Diversion for 29-07127B.

Dear Mark,

After our conversation a couple weeks ago I have taken the liberty of partially filling out a transfer application to change your point of diversion for 29-07127B. Due to that fact that your claim is based on a fairly recent license, with the approval of a transfer in point of diversion, I don't anticipate a problem making a positive recommendation for your claim.

I have highlighted in yellow the areas of the Transfer Application you need to complete. Note item #4, Point of Diversion. Any well (POD) used for irrigation purposes needs to be included on the transfer application. This would include both of your existing wells, or the addition of a third well if that is in your plans to increase flow.

Please look over the sections of the transfer I have completed and initial any changes you wish to make. When completed, please return it to this office as soon as possible with the filing fee of \$100.00.

As always, feel free to contact me with any questions.

Sincerely,

Craig L. Saxton
Water Resource Agent
Adjudication Bureau

*7/12/01 spoke with Mark
and he is looking for
transfer fee is a small
one. I will take care
of it.*
