Re: Snake River Basin Adjudication (SRBA)
Claim 27-2128

Subject: SIGNATURE PAGE FOR AMENDED CLAIM No. 27-2128

RESPONSE DATE: March 26, 2004

Dear Claimant(s):

We received your signed amended claim back the end of February and appreciate you returning it in such a timely manner. Unfortunately your son Scott notarized it. A family member cannot notarize any legal documents, so I'm returning the signature page to you to have resigned and notarized by someone other than a family member.

Please return the notarized signature page to our office at 15 West Center in Soda Springs. If you would like a copy of the signed amended claim for your records, we would be happy to send you one.

Feel free to contact me at 547-3993 in Soda Springs if you have any questions.

Respectfully,

Cindy E. Bird

COPY

Subject: Combine above claims to 27-2128

Dear Mr. Horrocks:

Harold Jones recently visited your business and found that under 27-2128A & B the purpose of use had been converted from irrigation to domestic and industrial with two points of diversion in 1979. While Harold was there he located both wells and the legal description does not agree with the claimed point of diversion.

The change in purpose of use can be recognized in the adjudication as an accomplished transfer since it occurred prior to November 19, 1987. I've amended your claims 27-2128A & B into one claim, 27-2128 with the two points of diversion. Please carefully read through the amended Notice of Claim and sign it in front of a notary if you agree with the changes.

Originally the irrigation diversion rate under this license was for 1.64 cfs but since the irrigation from this source has not been used since 1979 the remaining portion of this right has been abandoned and/or forfeited. If you have any additional questions please feel free to contact me in Soda Springs at 547-3993.

Respectfully,

Cindy Bird
Adjudication Bureau

Enclosed: Amended Notice of Claim 27-2128.

AFFADAVIT OF WATER USE

Ref: A27-02128A, A27-02128B

I, Charles Michael Horrocks affirm that before April of 1979 the water usage at the address commonly referred to as 577 Frontage Road, Blackfoot, Idaho was from two wells. One well located near the office of Horrocks Ready Mix and another well to the west approximately 400-600ft.

I began employment at this facility in April of 1979 and the wells were currently in daily use at that time for mixing concrete, washing gravel and irrigation.

Signed: C. Michael Horrocks

Blackfoot, Idaho 83221

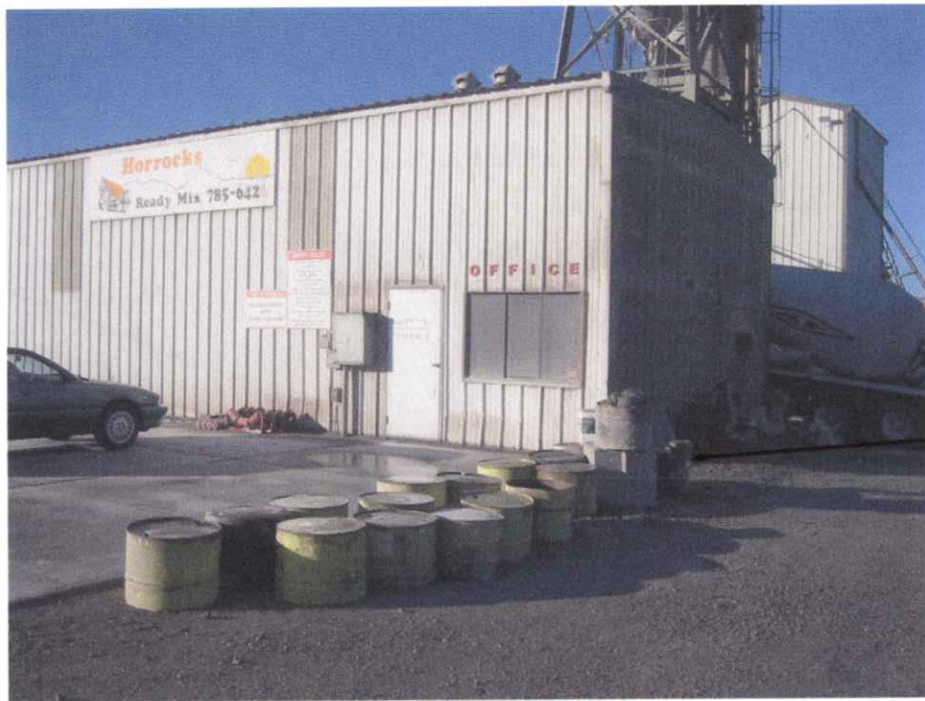

On this 2nd day of December in the year 2003, before me Scott K. Horrocks, a Notary Public in and for said State, personally appeared C. Michael Horrocks known to me to be the person whose name he subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and Affixed my official seal the day and year in this certificate first above written.

Scott K. Horrocks
Notary Public for the State of Idaho,
Residing at Bingham, Idaho.

Subject: Horrocks Claims

Hi Skip,

We just received in the mail a notarized affidavit of water use from Charles Michael Horrocks concerning water usage as of April 1979 for Claims 27-2128A and 27-2128B.

My records indicate that you have these files, unless you sent them back with Cindy on Thursday (that's today).

His statement in part says "I began employment at this facility in April of 1979 and the wells were currently in daily use at that time for mixing concrete, washing gravel and irrigation."

The only thing I can see wrong with it is that Scott K. Horrocks was the notary. I believe there is a limitation on notarizing relatives signatures, especially spouses and if the notary may benefit from the statement that is being notarized (besides the \$2 for the signature.)

Do you want me to FAX the statement to you or hold it to add to the file when the file is returned?

Barbara :-}
