Subject: basin 29 claim

Good Morning Carter,

I got a call from DC (Dean) Hansen about his AJ claim, A29-7264. He wanted to talk about leasing the property to Terry Rindlisbaker to grow potatoes. He is in Boise this week and when I talked to his wife I gave him the option to come into Boise if he had time. I gave them your name. They live in Bountiful Utah so it's difficult to see him here in Soda. I'm not sure if he will even come in but I wanted to give you a heads up.

I haven't done a field verification on this claim yet.

thanks
cindy
