Re: SRBA Claim No. 29-10635

Dear Mr. Olson:

I am the Deputy Attorney General representing the Idaho Department of Water Resources in the Snake River Basin Adjudication in Basin 29. I received your letter dated July 27, 2003.

It appears that you may want to object to the Department's recommendation of your water right(s). Once the Department makes its recommendation to the SRBA District Court, you must follow the District Court's procedure to raise any concerns you may have about the Department's recommendation. I have enclosed a Standard Form 1 which is the objection form required to be used in order to get your concerns before the District Court. You can also get further information about the proper procedures from the Notice that was mailed to you along with your water right recommendations or by going to the SRBA website at www.srba.state.id.us. **The deadline for filing an objection to the Department's recommendation(s) is November 14, 2003.**

The Department cannot consider the concerns you raise in your letter without you following the Court's procedures since the recommendations are now before the Court.

If you have further questions concerning this matter, you can call me at (208) 327-5404.

Very Truly Yours,

Candice M. McHugh
Deputy Attorney General, IDWR

Enclosure
