10. **I object because:**
 - ☒ This water right should not exist.
 - ☐ This water right was not recommended, but should be recommended with the elements described above.

E. REASONS SUPPORTING OBJECTION(S): To the extent that this water right authorizes the diversion of water from the Stewart Gulch Geothermal Aquifer it should not exist pursuant to *Silkey v. Tiegs*. Also, this right should not be recommended as valid because it was initiated after March 25, 1963 after which a right for uses other than domestic only can be developed through the application/permit/licensing procedure. The use claimed under this filing is not an exempt domestic use as defined by Idaho Code Section 42-111 because another exempt domestic use has been claimed for this residence (63-31056).
