Re: Claims Review

- 1) Very thorough field exam for overlapping post-1987 AF license 29-7912 used for review. Copy in paper file A29-7281.
- 2) Note Harold Jones report that additional irrigation provided by Ft. Hall project - Attached Page "A" -
- 3) 29-7912 is for 2 homes, 29-7367 is for 28. These are the 30 lots w/ numbers on the plat maps in license exams 29-7367 & 29-7912. Neither clarifies which of the 30 are associated w/ which right.
- 4) All 3 rights, either license exam or application references Ft Hall Irr. ~~sh~~ shares. See also Harold Jones notes & Sharla Curtis memo.

DSM Claims memo 7/19/01 p 2

- 5) Claims 29-7281 & 29-7367 also claim irrigation use.
- 6) Despite mention of Ft. Hall irr. water, all three licenses were calculated @ value of 1.2 acre feet/yr/household, implying consideration of lawn watering
- 7) Contractor- GIS appears to match license exam claimed POU's.
- 8) Conclusions
 - Recommend all as licensed volume @ 1.2 af/yr/household purpose = domestic
 - Incorporate appropriate combined remarks from license 29-7912 on the two AS recommendations.
 - No layout req. as no irr. component recommended. Generate shapes to match license exam 29-7912
