Re. Water Right 63-27051

Dear Mr. Ciscell

My wife Cynthia and I bought this farm from Mr. and Mrs. O'Dell in March 2002.

We also currently utilize this waste water for irrigation and would like to keep the water right.

If you would forward to us a Change of Ownership form, we would greatly appreciate it. If you require any more information from us please let me know.

Re: Water Right 63-27051 (Claim Report 63-27051)

Dear Mr. Ciscell:

In regards to water right identified above, please be advised that we utilized all of this waste water for the production of crops from the time that we purchased this property from Mrs. Elva Webb, now deceased, in March of 1992.

We have since; working with NRCS reduced the number of fields from 13 to 7 and installed a NRCS pump back system in 1994 with assistance and design by the staff of NRCS, aka SCS in 1994.

We sold 63 +/- acres to Donald and Cindy Roberts along with the original farm dwelling in 2002 due to becoming totally disabled in 2001 thru a back injury. We have since gifted 4.87 acres to the Glendale Valley Buddist-Viking Temple and our Children, Stephanie Brisbin, 1.19 Acres; Allison Wilson, 1.19 Acres; Shawn O'Dell 1.43 Acres and; Justin O'Dell 1.44 Acres.

With the assistance of the USDA Farm Service Agency, NRCS, we installed an additional waste water pump back system to recover and use the remaining waste water in conjunction with the USBR, Boise Project Board of Control, Boise Kuna Irrigation District, Call Lateral, headgate 4.80, to irrigate the property identified above.

Please note that Donald and Cindy Roberts, live at 1555 Southside Blvd., South, Melba, Idaho. Our mailing address is 1553 Southside Blvd., S., Melba, Idaho 83641-5151.

We are available at 495-2580 to answer any questions.

Thank you,
