Dear Mr. Spinner:

With the number you provided I have tracked down your clients claim. It is 29-7393A and is in the name of the Trust. The claim is being reviewed by Allen Ruberry, Senior Water Resource Agent, in this office. Mr. Ruberry has already examined the place of use and appears to have sufficient information to make his recommendation.

The claim is not on the contractors list.

Ernie Carlsen
Adjudication Section Supervisor
