29-7394B - Claimed stockwater under the decree 29-7394. Dale Whistison owns the property where the POD is located. He leases this property from Thomas Moore and irrigates it. I don't think Dale waters Moore's stock. If he does Dale completely claimed the stock water under the "A" portion of this right. So, I didn't include stockwater under this portion of the water right.
