RE: 3-10167 & 79-13952 EVIDENCE OF PRIORITY

Dear Jennifer:

In follow-up to our recent telephone conversation, I am enclosing *Affidavit of Dale W. Koger*, Manager of Hydro Production/Power Supply at Idaho Power Company, in support of priority dates for the above-referenced beneficial use claims.

If you need further information, please feel free to contact me. Thanks for your assistance.

Sincerely,

BARKER, ROSHOLT & SIMPSON LLP

AFFIDAVIT OF DALE W. KOGER

County of Ada)

DALE W. KOGER, being first duly sworn upon oath, deposes and states as follows:

1. I am the Manager of Hydro Production within Power Supply at Idaho Power Company (IPC), and have been employed by IPC for 21 years. In connection with the relicensing of various of IPC's hydroelectric projects in Idaho and the preparation and verification of water right claims filed in the Snake River Basin Adjudication for water use at those projects, IPC has undertaken a review of the status of the water rights held for non-power generation together with the use of water for such purposes at its hydroelectric projects.
2. In that regard, I am familiar with, and have conducted a review of the records of IPC relating to the water rights held by IPC for irrigation at the Hells Canyon Park. These records are kept in the regular course of business by IPC.
3. This review has revealed that state licensed water rights, Lic. #s 3-10167 and 79-13952, in the amount of 0.2 cfs and 0.02 cfs, respectively, for irrigation at the Hells Canyon Park were put into use at the time of construction of the Hells Canyon Project.

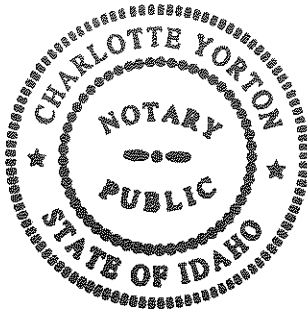

4. This review further indicates that the dates of first use of state licensed water rights, Lic. #s 3-10167 and 79-13952, are 05/01/1967 and 06/01/1968, respectively.
