when were the Potato cellars, 4 homes, and shop. built. It's not 1888, because the country has the home built in 1904.

Dave will have to do some research and get back to me. CB

2/10/05 I spoke with Skip on this night

he said that the trailers and potato

cellars are a recent addition. So

we agreed they will need to contact

Roger Warner to register the additional trailers and potato cellars.

Recommend 1 home with 1914

priority date per Bingham Co. CB

Notes

9/14/03 - (8:15am) They do have a spring that is piped under the road. Kelly Bingham - returned my call.

9/19/03 Received a letter from Roy Cox stating that they sold this property and water to Frank Vanderloot several years ago

The decreed source is Wolvaine Ck not a Spring. Truck to Wolvaine Ck 27-53 was completely claimed in the adjudication then spent between Jay Stokeworthy (27-11919) and Lloyd Stokeworthy family ~~trust~~ partnership (27-11918). So, this claim doubles the right.

9/22/03 9:27am. David Kuhn called on the letter sent to Cox Enterprise; the property was sold to Nautical Guardian about 1928.

* Cox contends that Stokeworthy's

Should have no claim on this right.

This is a David Taylor claim
