RE: Snake River Basin Adjudication (SRBA) claim 29-07811

Dear Seren and Peggy,

I have been in the process of reviewing claim 29-07811. This right was originally licensed for stockwater and irrigation of 0.40 acres from a spring.

When you filed your SRBA claim based on that license you claimed uses for domestic and stockwater.

Since the right was licensed after November 19, 1987 (the commencement of the SRBA) I cannot recommend the domestic use. At this time I cannot recommend the irrigation portion of the original licensed because it wasn't claimed and the appropriate fees were not paid.

At this time, I can only recommend the stockwater portion of this right.

I feel it would be to your advantage to amend the claim to add the originally licensed irrigation portion this claim. Enclosed is an amended claim. Please look over the claim and initial any changes you wish to make. When satisfied, sign the claim in front of a notary and return it to this office as soon as possible with the additional filing fee of \$26.00.

Filing fee breakdown is as follows:

Domestic SRBA claims - \$25.00 (this is what you originally paid)

Irrigation claims - \$50.00 per claim and \$1.00 per acre.

So since you already paid \$25.00. The difference is \$26.00.

Please feel free to contact me if you have any questions.
