Re: History of Water Use
Date: 10-14-04

The use of water on said property began approximately April 1965. The land was purchased by MS Wallace and ML Wallace in November 1964. Water has been used intermittently since that time; depending on the flow of the creek. Physical evidence of prior water use is indicated by ditches and evidence that land has been cultivated and used for raising alfalfa and other crops. Aerial photographs provide evidence that water has been used as said, at various times. Below is the basic land description.

Township 4S Range 39 E Sections 25 and 36.
Detailed land description attached.

If you have any questions please contact Malvern Wallace @ 681-5835 or Sherrilynn Bair @ 684-9601

Thank you for your time.

A handwritten signature in cursive script that reads "Malvern S. Wallace". The signature is written in dark ink and is positioned to the right of the "Thank you" text.
