Memo to File: 27-4157

I researched the Water Master Reports from 1975 through 1987. The attached report is a sample of what I found. I looked for all Allen users and the users of Slug Creek. There was only one user for Slug Creek. I found four individuals:

Don Allen listed under Meadow Creek. #27-73, 2132

Preston Allen listed under Blackfoot River (above reservoir) 27-42, 43, 62, 63, 66, 70

Roland Allen listed under Blackfoot River (above reservoir) 27-60, 61, 65, 66, 67, 68, 69.

E. S. Stucki listed under Slug Creek 27-3.

The list of water used within a 24 hour period, in second feet is as follows:

1975	none	1200	1200	320

Re: Evidence of Priority

Claim No.(s) A27-04156 & A27-04157

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

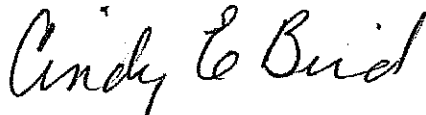

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by May 23, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird
