Dear Ms. Brown:

Our claim for a water right is now posted on the adjudication web site. There seems to be an error, however, on the total amount of water claimed.

The claim is for .16 cfs for irrigation with a total use of .16 cfs. This must have been incorrectly transcribed when entered into the database as it is showing a total use of .06 cfs being claimed. I assume this is a simple mistake that is easily corrected by changing the database.

Thank you for your help. If you need anything else from us please let me know.

Yours truly,

Bruce D Barnes
