I don't see Wallen Worthington on the list
that was referred to Candice McHugh. There is
not enough info to verify his info. Is the
information elsewhere? If so, why is it not
also in his file.

Barbara,

No gugu stuff this time. Most of the GCDB townships along the Blackfoot are being redone as we speak. They'll be available later this fall. I would go ahead with your shape but enter the PLS manually. We can update some of this but it will get overwritten in a few months.

As for the SENE, this is an example where the BLM did not include the individual QQ breaks within a Lot. If you'll remember my last email (I know, they're forgettable) I was talking about how a Lot may encompass more than one QQ and often the BLM will divide the Lot along the QQ's with both QQ's getting the same Lot number. Didn't happen in this case and a QQ designation (pick one, NENE or SENE) was assigned.

More than you ever wanted to hear... but since it's from me you know doubt enjoyed it,

Michael

Hi Michael,

Well, here I am again with a problem that only you, the master gugu can solve. I am working on a shape in the above referenced location. The QQ for the NENE is labeled SENE. There is a tiny "lot" labeled NENE below the one labeled SESE. Help PLEASE.

Thanks,
Barbara :-}

PS Just for my information, this is in connection with project 27-37H.
