Dear Frank,

Some changes have been made to your recommendations. The water right number of 27-00027C has been changed to 27-00027D to correspond to the number assigned in the water right database and also Transfer No. 5027. Remarks were added and deleted for 27-00023F, 27-00027D, and 27-12032. Also, acreage was altered within the quarter-quarters to 33 acres and 37 acres. The total of 70 acres was not changed.

Thank you,

Kristin Moore

The new number is 27-12032. I agree with your suggestion use P06 on 27-37K.

good afternoon Ernie,
I hope all is well with you. This 27-37K claim was one of the claims from Theodore Stecklein that was over sold. He has a water deed from 1967. He called today and said that he wanted to claim it as a bu claim with the 1967 priority date. It will have to be renumbered because we don't want to recommend it as a bu with the decree number. I guess I can refer back to the 27-37K number and that it isn't been recommended as a decreed right.

Thanks, please let me know the new number.

Cindy
