Cindy

I spoke with Skip and Don S. about the three rights claimed by Basic American Foods. Skip indicated the land application was a pre-1987 practice so the recommendations can include C05 and show the QQs where land application occurs. He indicated the map illustrates the QQs to be identified as the place of use.

From the conversation between Don and I, we came up with two conditions listed below. The first condition is for 27-7411 and is actually on license but does not show up in the data base.

Water used under this right is for cleaning the distillation equipment and is not to be used for land application. The water is co-mingled with fresh water and is used for land application.

Use the following remark for 27-4019 and 27-2116. This remark is a modified WD8. Don said to leave it as a place of use remark.

The place of commercial use includes land application of water used in the production of food products. Water used in the production of food products is not to be used for land application. Land application of water used in the production of food products is authorized by this water right.

Since the rights do not provide for using ground water to irrigate I suggest not including any reference to irrigation use.

I hope this helps. Let me know if you still have questions.
Ernie

Subject: Basic American Foods (Pillsbury Co.)

good morning Candice,

I have 3 claims for Pillsbury Co. now owned by Basic American Foods that uses the water to process potatoes then uses the wastewater with there canal water to land apply the water. I don't find an appropriate remark or condition to fit this application. Would you please create an appropriate condition with the correct wording to work in this application?

Claim numbers 27-4019, 27-7411 and 27-2116.
Thanks you,
Cindy

Notes

2/3/04 Gave file back to Skip for notes from field exam done yesterday. I was not able to go to I.F. because the Blazer is snowed in. So, Skip will send down his notes and photo.

2-4-04 Emailed Skip and we discussed

2-4-04 Looked to David on ownership change.

2/5/04 emailed Ernie Carlson to see if a layout is needed for the land application of the waste water. CB

2/6/04 Larry called to say that he's still trying to get the paperwork together for the ownership change. He has a 4" binder he's going through. CB

2/11/04 Please send a letter to Basic American food to find out when the period of use changed. CB. If the SOU was extended then an enlargement claim would need to be filed. But since the exam was done on this claim in June of 1984, it might be more difficult to prove. For under this claim is also claimed under 1-38 for Snake River Irrigation District.

Notes

3/ This claim should be dis-allowed.
