

RUPERT, IDAHO 83350-0396

1
2
3 2. That your affiant has worked for Ben Jernberg since 1969. Your
4 affiant's duties included irrigating both Mr. Jernberg's crop ground as well as his
5 uncultivated dry graze lands for many years on Mr. Jernberg's Mud Lake Ranch. In
6 addition, I was also involved in maintaining the ditches that carried water to the pasture
7 ground. My duties also included placing cattle on the dry pasturelands.

8
9 3. The pasture that your affiant is familiar with is located in sections
10 15, 16, 21 and 22 in Township 7 North, Range 34 East of the Boise Meridian.

11
12 4. Your affiant has irrigated all the lands on Jernberg's Mud Lake
13 ranch as recently as 2002. Since I began working for Mr. Jernberg, I have participated
14 in the irrigation of the ground shown on the map attached as "Exhibit A". The attached
15 map is an accurate reflection of lands operated by Mr. Jernberg and irrigated from Mr.
16 Jernberg's two pumps.

17
18 5. When water was available, I helped pump the full capacity of Mr.
19 Jernberg's two wells onto all of the pasture and dry graze owned by Mr. Jernberg.

20
21 6. On April 16, 2005, your affiant and my son Omar, met with Bryce
22 Contor and reviewed what we had historically irrigated from Mr. Jernberg's two wells.
23 Omar was born and raised on Mr. Jernberg's ranch and has also helped irrigate the dry
24 graze pasture illustrated in Exhibit "A".

25
26 7. The portions designated as Field A, C, D and E on the map are
27 considered dry pasture. The portion designated as Field B is a hay field.

1
2
3 8. That Mr. Jernberg has drilled his wells deep enough and put on
4 new pumps so that there is enough water to irrigate all of the ground identified on the
5 map.

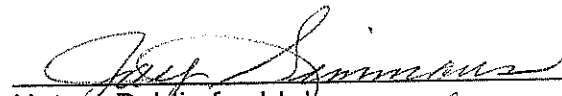

6 FURTHER THIS AFFIANT SAITH NAUGHT.
