RE: Late Claim for Water Right 47-7330 Twin Stop Hollister, LLC

Dear Ms. Kaufmann:

On May 22, 2005, on behalf of your client Twin Stop Hollister, you filed a Standard Form 4 Motion to File Late Notice of Claim.

Your motion indicates this claim includes an irrigation use and is located in Basin 47. According to *SRBA Administrative Order 1* 4d(2)(a), "In reporting areas where a Director's Report has not been filed . . . [a] Motion to File a Late Notice of Claim . . . with the court is not required." Because the Idaho Department of Water Resources has not yet filed its director's report for irrigation claims in Basin 47, this claim can proceed without the court's late claim process. I am forwarding the original claim form and your filing fee to IDWR.

IDWR has indicated that the director's report for the Basin 47 irrigation claims will be filed with the court in late August this year. By forwarding this claim directly to IDWR, their recommendation for this claim will be included in that August director's report.

A notice vacating the August 15 hearing on the motion for late notice of claim has been issued.

Sincerely,

A handwritten signature in black ink, appearing to read "Diana R. Delaney", written over a circular stamp that partially overlaps the word "Sincerely,".
