5/19/03 phone discussion with Lavelle Willigard. Lavelle didn't know where the June 1, 1946 priority date came from, because they built a new home in April 1977. So, I'm going to move the priority date for the domestic portion to 4-1-1977.

clue sent them an Application for permit to claim the irrigation portion of this right since it was developed after May 1963.

✓ Name spelling correction Virgil Willigard
NOT VERGIEL.

✓ Recommend domestic only. D.O.C.B.

8/14/03 Corrected POD to match claim. The same Map with claim plus changes made by the claimant are more convincing than the PLS on the claim map is more correct than the Spatial Dynamics work. "Amended" claim will be used. ~~Staff~~ 8/14/03
