

9-26-05 KM

Original right 22-2303 (not 22-2302) is currently owned by BYU-Idaho and claimant. Original license allowed $10 \text{ cfs} / 613 \text{ ac} = .016313 \text{ cfs/ac}$.

Original POM 613 ac.

- 22-2303B,C
- 319 ac owned by BLM and other private owners not claiming water from the right 22-2303; 5.2 cfs belongs to this property; property not irrigated
 - 254 ac. owned by LDS Church/BUU-Idaho/Ricks College (all the rights 22-2303B and 22-2303C are located within this 254 ac, but only claiming a total of 155 ac of it an accomplished change of place of use occurred in which the quantity of water allowed for the 254 ac = 4.14 cfs was concentrated on 155 ac for the two rights allowing .02 cfs/acre to be recommended for 22-2303B and 22-2303C
- 22-2303B: recommend 116 ac 2.32 cfs
22-2303C: recommend 39 ac .78 cfs

22-10044

- 40 ac. owned by Joseph Jensen
Cannot recommend .8 cfs because original license does not allow 0.02 cfs/acre and there is no evidence that claimant withheld 0.02 cfs/acre when he sold 22-2303C to Ricks College. Therefore, can only recommend .016313 cfs/acre according to license
recommend 40 ac 0.65 cfs
