

NOTES

M + B Enterprises uses 22-7205, 7265A, 7265B, 7270, + 7314 on their irrigated acres of 2783.3 ac. Claim 22-72316 is a disallowed v. argument of 22-7270 based on lack of evidence of priority.

22-7205

7265A

7265B

7314

← 22-7210, 7315A
Licensed to the same exchange wells as Service Line on Farms. Each party owns half total capacity (half of 50.36 cfs). Recommended individual quantities as licensed with system capacity limitation of 50.36 cfs

22-7270

River right. Point of diversion is same as point of redirection for exchange wells listed above. Diversion capacity is 24.5 cfs according to field exam. Therefore total diversion from river is limited to 24.5 cfs
