AFFIDAVIT OF IRRIGATION USAGE
Madison School District #321

I Mel Dickerson, certify that I was an employee of Madison School District from 1977 through 1995. I started installing sprinkler systems for Madison School District in 1979. I installed the sprinkler systems for all schools in the district by the end of the summer of 1985.

I have discussed this with the Madison School District Maintenance Department who have verified that major renovation was done at Archer Elementary during the summer of 1982. I am certain that the Archer Elementary School sprinkler system was installed during that same summer.

The North end of Hibbard Elementary school had been sprinkled from well water with movable pipe before I came to work for the school district. After the Hibbard roof collapsed during the winter of 1983-1984 the Hibbard Elementary School was rebuilt. The new building was completed during 1984 and the underground sprinkler system on the entire playground (North, West, and South) was installed by the end of summer 1985.
