_____	)	

I. FINDINGS OF FACT

A notice of claim was filed for these water rights pursuant to I.C. § 42-1409 (1990). The Director of the State of Idaho Department of Water Resources examined the water system for this reporting area. The *Director's Report* contained a recommendation for the elements of these water rights.

The only objections to these water rights were filed by the State of Idaho which were resolved with a *Stipulation to Resolve Objections* filed July 1, 1999. The State of Idaho, the United States, and IDWR are signatories to the *Stipulation to Resolve Objections*. Both parties agreed that the priority date for these rights shall be June 28, 1934.

II. CONCLUSIONS OF LAW

Therefore, based on the file and record herein, IT IS RECOMMENDED that these water rights be decreed with the elements as set forth attached in the *Partial Decrees Pursuant to I.R.C.P. 54(b)*.

DATED: July 12, 1999.
