Water Right Claim 21-10527
Civil Case Number 39576

Dear Sirs:

In order to correct the previous report dated 2-27-89 and bring it up to date, we submit the following:

1. The well was dug and pump initially installed November 1958.
2. The pump was increased to 50 H.P.
3. The land under cultivation has increased from 98.0 acres to 211.5 acres.

4. Evidence of priority:

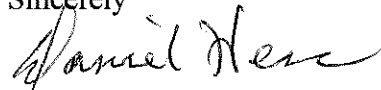

A This well was dug and the pump installed the same month and year that my neighbor, Bee Hedrick completed his well. Enclosed is his Report of Well Drilling. The soil composite is the same on both farms.

B. Notarized letter verifying date of well drilling and pump installation as November 1958. This well was drilled by Sherman Hess, (deceased), who apparently never filed a report.

IN 1968 

We sincerely appreciate your attention to the correction of this claim.

Sincerely

Daniel S. Hess
