

7 October 2003

I talked with John Reavis. He advised that he had sold the property to a relative, Sidney Hale. His wife's name is Sandy. They have removed 2 homes. There is currently only 1 home on the property. Hendricks, the well driller, lowered the well to 100' to get water. I told him that I would send Sidney Hale a change in ownership form. *He said the well was 1 1/2 acres.*
