I met with claimant Don Mickelsen, (Note spelling is -Sen not -Son as on claim) on 4-25-05 at his office at Docutec. He outlined the included map to show the P.P.U. under claims A21-2166 + A21-4000. Acres is additive.

Mr. Mickelsen has a new address + phone #. They are;

Don Mickelsen
1260 Twin Butte Rd
Minon, ID 83434

Phone # 754-9323

There are 4 well sites. Two have the motors pulled + are going to be deepened. The system now has pivots + other sprinklers. The soil is obviously very sandy + I advised Mr. Mickelsen to consult with Farm Service Agency to try to justify more than 0.22 cfs/acre.
