Re: Water rights 74-15681 and 74-15682

We have filed and received a hearing date of August 16th at 1.30, for 74-15681. We just put in the mail the information for 74-15682 on 7/28/06. Because they are both attached to the same property, we are asking you for a motion to expedite the hearing for 74-15682 so that it could be heard at the same time as 74-15681.

We would surely appreciate your help in this matter as it would save time and expense for both of us.

Thank you very much.

James Whittaker
