Re: Change of Ownership for 67-4112B, 67-14663, and 67-14666

Sally, this is a straight forward change of ownership except that the ownership form only requests that 67-4112B be changed.

My research shows that the three rights listed above overlap the same POU and all three rights should be changed.

These have all been recommended so both the recommendation and claim need changed. No split needed or anything like that.

Thanks
