MOTION TO FILE A LATE NOTICE OF CLAIM

additional Rt. #37-7218 for .26 CFS. This claim is for the
additional right not previously filed.

☐ I filed a Notice of Claim and elected to defer judicial proceedings on my domestic or stock watering use. I desire to reinstate my Notice of Claim for domestic or stock watering use.

☒ I am providing legal and factual documentation for my claimed use of water. You must describe these documents and attach a readable copy. (You do not need to fill this out if you are reinstating a Notice of Claim for domestic or stock watering use, but you **must** attach a copy of your Notice of Claim.)

Remarks I have worked w/ Mr. Stevenson for 18 months to have proper measuring devices installed. He claims that additional water enters his system above his lowest fish pond. But since he did not install a measuring device at this point, I recommend that only the water diverted from the Montana Ditch be licensed.

Decrease recommended is taken from aerial photos, not from acres claimed by applicant on proof of beneficial use, applicant has not supplied data to contradict the aerial photos.
