Re Irrigation History

The undersigned lived at the above referenced property with Richard Eberhardt from 1974 thru 1979. During that time we actively irrigated many sections of the property especially the open meadow/field across the road from the residence.

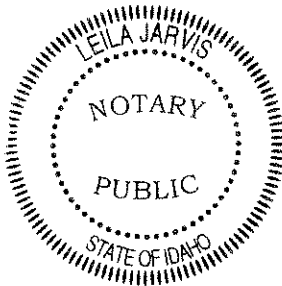

I subsequently visited the property from time to time over the years and know that Richard Eberhardt continued to irrigate the property or have it irrigated by tenants until his death and the sale of his property to Mr. Dale Anich in 2001.
