RE: Late Claim for Water Right 37-7218

Dear Mr. Standal:

On August 15, 2006, you filed a Standard Form 4 Motion to File Late Notice of Claim.

Your motion indicates this claim includes an irrigation use and is located in IDWR's Administration Basin 37. According to **SRBA Administrative Order 1** 4d(2)(a), "In reporting areas where a Director's Report has not been filed . . . [a] Motion to File a Late Notice of Claim . . . with the court is not required." Because the Idaho Department of Water Resources has not completed the filing of its director's report for irrigation claims in Basin 37, this claim can proceed without the court's late claim process. I am forwarding the original claim form and your filing fee to IDWR.

IDWR has indicated that the director's report for the Basin 37 irrigation claims will be filed with the court in December this year. By forwarding this claim directly to IDWR, their recommendation for this claim will be included in that December director's report.

A notice vacating the August 15 hearing on the motion for late notice of claim has been issued.

Sincerely,

A handwritten signature in cursive script, appearing to read "Diana R Delaney".
