I have witnessed the beneficial use of irrigation water on the permit for James Young number 67-14689 Snake River Basin Adjudication claim 67-11484. I am Delbert Ogle owner of Ogle Ranch lived in Indian valley for 58 years. My father owned the Young ranch for 25 years and we raised 1500 bales of hay on the Young ranch. We also feed 100 cows in winter hay there and pastured them in the summer. We used the springs and flood water (Mesa Orchard runoff) from about 1965 to about 1980.
