E. REASONS SUPPORTING OBJECTION(S):

The IDWR should not have disallowed this claim.

This is a municipal water right. Under Idaho law, municipal water rights held by municipal providers for reasonably anticipated future needs are deemed to be beneficially used. No annual volume limit should be included for a municipal water right. Although the well originally associated with this water right is no longer in use, the water under this right continues to be beneficially used by the City.

To the extent any quantity of water under this right is not currently being diverted, such portion of the original right has been transferred by accomplished transfer to beneficial use for future need purposes.

The City operates an integrated delivery system in which each well serves as an alternative point of diversion for every other well. This is reflected in prior approved Transfer Nos. 5787 and 68933. Accordingly, we have listed each of the PODs associated with those transfers. Those transfers inadvertently listed the Lansing Street Well instead of Well #9. This error has been corrected here. The City also has a pending application to add Well #12 (T2S R35E §35, SESE). If appropriate, that POD should be added as well.

This water right was originally developed in association with a well serving the municipal golf course, but is now used in conjunction with the City's integrated delivery system pursuant to an accomplished transfer when the well was abandoned.

We believe it would be helpful to clarify and expressly put the public on notice that the place of use includes areas outside of the city limits.

Regarding municipal water rights, please note in particular the following guidance documents: Operations Division Administrator's Memorandum from A. Kenneth Dunn to District Engineers dated April 7, 1975; Memorandum from Phil Rassier to Dave Tuthill dated May 7, 1979; Administrator's Memorandum, from Norman Young to Regional Offices and Water Allocation Section dated November 5, 1979; Memorandum from L. Glen Saxton to Water Allocation Bureau, Adjudication Bureau, and Regional Offices dated March 18, 1998; Letter from Karl J. Dreher to Christopher H. Meyer dated June 14, 1999.
